Four Killed In West Va. Home Blaze

Elderly Inmates In Martinsburg Dwelling Perish

BULLETIN

MARTINSBURG, W. Va. (AP) — Four persons were burned to death in a fire that swept through the interior of a nursing home early today. Five others were rescued by firemen. First reports that five had perished proved erroneous.

MARTINSBURG, W. Va. (UPI) — Five elderly persons were burned to death in a fire that gutted a small nursing home here early today.

The identities of the victims, except for a woman who operated the home with her husband, were not immediately determined. The only other three persons in the two-story frame house scrambled onto a porch roof and were rescued by firemen. The fire apparently broke out in the basement of the old building on the northern edge of Martinsburg, then ate its way up through a partition into the ground floor.

Assistant fire chief Merle Fellers said the blaze then apparently "broke out in a flash" and rapidly spread. The inside of the seven-room house was gutted but the asbestos-shingled outside frame was left standing.

One of those killed was Mrs. Velma Smith, who operated the home for wards of the Department of Public Assistance with her husband, Clifford. He was one of the three rescued.

Four of the victims died outright in the flames. A fifth died later in a hospital. Fellers said one of the survivors told him that there was a smell of smoke in the house before the fire broke out of control, but it apparently was not investigated.

The cause of the fire was not immediately determined. Firemen brought the flames under control about 7 a.m. There are no other structures close by, but the fire-fighters were hampered by 30-mile-an-hour winds and 10-degree cold.

Six Airmen Perish In Barracks Blaze

SYRACUSE, N.Y. (UPI) — Six airmen were believed dead in a fire which destroyed a barracks at a Syracuse University housing area today. One airman was missing and at least 15 were injured.

The airmen were sleeping when the fire broke out shortly before dawn. Most of those who escaped left the two-story structure through windows.

It was still cold during the night and early morning in the Midwest, with below zero readings again in north central sections. The warming trend was reported from the Pacific Coast across the Rockies and Plains and into the Great Lakes region and lower Mississippi Valley. It was expected to move eastward during the day as far as the Ohio Valley.

But the cold was expected to continue in the Eastern quarter of the country.

Dr. Salk Urges Fourth Shot To Prevent Polio  
ANN ARBOR, Mich. (AP) — Dr. Jonas Salk, who developed the anti-polio vaccine that bears his name, today recommended a fourth shot to increase immunization against crippling infantile paralysis.

But Dr. Gordon Brown, a University of Michigan scientist, said that while a fourth dose undoubtedly would be beneficial to many "what is most needed is complete (three-shot) immunization of the larger number" who have as yet had no vaccine at all.

The president of the American Medical Assn., Dr. Gunnar Gunderson, declared "there is no time to lose" in the two-shot plus-boost campaign.

Relief Seen From Severe Cold In U. S.

By The Associated Press

Winter's most severe cold wave numbed the Eastern half of the nation today but some relief from the icy blasts appeared on the way from the Rockies to the mid-continent.

At the same time, stormy weather diminished in the far West where strong winds, rain and snow swept through the Pacific States southward to Southern California Monday.

The season's coldest weather, in the wake of snow and strong winds, spread from the Appalachians to the Atlantic Coast. It was below zero in sections of the Northeast. The Southland shivered in freezing weather as far south as northern Florida.

Skies were generally clear from the Rockies to the Atlantic Coast. The bitter cold that moved into the Rockies last week and spread across the eastern two-thirds of the nation was blamed for at least 44 deaths in 14 states. Included were victims of exposure, auto accidents on snow or ice-laced roads and heart attacks induced by over-exertion while shoveling snow.

As the cold air moved into the Eastern areas Monday, temperatures plunged as much as 40 degrees in some sections. They skidded to near zero in the Pennsylvania mountain district.

It was still cold during the night and early morning in the Midwest, with below zero readings again in north central sections. The warming trend was reported from the Pacific Coast across the Rockies and Plains and into the Great Lakes region and lower Mississippi Valley. It was expected to move eastward during the day as far as the Ohio Valley.

Eddie Fisher To Lose Show

HOLLYWOOD (AP) — Eddie Fisher's television show will be dropped March 17.

His sponsor—a tobacco firm—didn't pick up the options on his contract, a spokesman for the crooner said Monday.

An unofficial network source for the National Broadcasting Co. said it was a matter of low ratings.

Belgian Congo Natives Riot, 34 Left Dead

LEOPOLDVILLE, Belgian Congo (AP) — Thirty-four people are reported killed and about 100 seriously injured in two days of rioting in Leopoldville, the Belgian Congo capital.

Shops have been set on fire, Catholic missions ransacked, and schools and police headquarters burned out.

Europeans have been stoned and shot at and mission priests have been beaten by the rioting Africans.

Most of the dead were believed to be Africans shot by police or troops.

A state of siege has been proclaimed, and jeeps of troops armed with machineguns are patrolling the main avenue of the city's large African sector.

Barbed wire barricades have been set up. Firearms have been distributed to the European population.

Road blocks have been set up around the Leopoldville area.

Movement across the river from Brazzaville, in French Equatorial Africa, is stopped.

AF Officer Dies In Bomber Crash  
PLATTSBURGH, AFR. N.Y. (UPI) — One officer was killed and three other airmen were injured when a B-47 medium bomber of the Strategic Air Command crashed on takeoff here Monday night.

Lt. John P. Egan, 21, of Scranton, Pa., was killed. Seriously injured was Capt. James R. Golden, 39, an instructor pilot, of Omaha, Neb.

Voting Right Clash Feared In Alabama  
MONTGOMERY, Ala. (AP) — A commission spokesman said Monday night the agency may still seek to clarify the registration officials—despite the compromise—If agents fail to obtain the desired information about Negro voting.

But state attorneys led by Atty. Gen. John Patterson said the court order relieves the registrars of the possibility of having to testify. A. H. Rosenfeld, the commission's director of complaints, said the agency may ask U.S. Dist. Judge Frank M. Johnson Jr. to order the registrars to answer questions. He said this would depend on the current county-by-county investigation.

Defense Fund Boost Sought By Democrats

WASHINGTON (AP) — Democrats plugged for accelerated missile and space programs today on the eve of the opening of a new Congress heavily dominated by their party.

Top Democrats, including Senate Majority Leader Lyndon B. Johnson of Texas and his assistant, Sen. Mike Mansfield of Montana, expressed disappointment with the 40.9-billion-dollar defense program reportedly outlined by Eisenhower and his aides at a White House meeting with leaders of both parties Monday.

Mansfield said the briefing was so sketchy that "the proper committees are going to have to go into these matters in much greater detail" before Congress knows where the country stands in relation to Soviet accomplishments.

Sen. Henry M. Jackson (D-Wash.), a member of the Senate Armed Services and Senate House Atomic Energy committees, said the Russian cosmic rocket success means the Soviets have seized the initiative again.

Secretary of State Dulles was reportedly concerned about growing Soviet military strength and space progress.

House Speaker Sam Rayburn (D-Tex.) was asked if the administration plans to step up space spending.

"They didn't say so," he said. "They acted like they were moving as fast as they know how."

Father Returns Girl Who Flew Prison In Idaho  
BOISE, Idaho (AP) — Mary Ann Gardner headed home to El Monte, Calif., after escaping the Idaho Penitentiary Dec. 28. Monday, her father brought her back.

Al Gardner stayed only long enough to surrender his 21-year-old daughter to Warden L. E. Clapp. Then he, his wife and a grandmother started home.

Clapp said he suggested Gardner turn his daughter over to California officers when the father telephoned last weekend. "No, I'll take her back myself," he quoted Gardner. "We'll drive all night if necessary."

Pilots Strike Talk Snagged  
WASHINGTON (AP) — Federal mediators hit an apparent snag early today in efforts to work out final details of a tentative agreement between American Airlines and its striking pilots.

"All I can say is that we seem to be making a little progress," Chairman Leverett Edwards of the National Mediation Board said after a lengthy negotiating session that ran past midnight.

He said another meeting was scheduled today in an attempt to end the 16-day walkout.

Approximately 1,500 pilots are seeking higher wages and fewer work hours on the new jet airliners American intends to put in service soon.

New Pledge Seen Given By Mikoyan

Khrushchev Aide Denies Move For Driving West Out

By WARREN ROGERS JR. WASHINGTON (AP) Soviet Deputy Premier Anastas I. Mikoyan was reported today to have assured the United States of continued free Western access to Berlin.

Such a pledge would go to the heart of the current East-West tension over Berlin's future. It would signal a major concession by the Kremlin to the West's objections to Soviet demands to make a "free city" of Berlin.

Mikoyan was understood to have told high level State Department, business and congressional leaders Monday night:

1. The Soviet Union is determined to turn over administration East Berlin to the puppet East German Communist regime, regardless of U.S.-British-French Denunciation of the plan.

2. The Soviet Union is not trying to throw the Allies out of West Berlin, even though Soviet Premier Nikita Khrushchev, in a Nov. 27 note, suggested withdrawal of all Allied troops from the city.

3. The Soviet Union simply feels the time has come, 12 years after the end of World War II, to give Berlin a new status.

4. The United States, Britain and France, in replying last week to Khrushchev's note, were remiss in not coming up with some counterproposal which might have provided the basis for negotiation.

5. The Soviet decision to hand East Berlin over to East Germany by next May in no way implies a peace-or-war ultimatum; continued free access to Berlin, 110 miles inside East Germany, could be arranged, and a role may be found for the United Nations to play in guaranteeing this.

The 63-year-old Mikoyan, second in Kremlin power only to Khrushchev, laid these cards on the table in replying to questions at an exclusive dinner given for him by Eric Johnston, president of the Motion Picture Assn., of America.

Johnston was "apologetic" afterward for inviting some newsmen and letting others shiver outside his swank headquarters in 15-degree temperature. He said the five invited were "personal friends."

Hovering outside also were about 50 anti-Communist pickets, refugees from Iron Curtain countries. Sparked by former Freedom Fighters in Hungary's abortive 1957 revolts they brandished placards, shook fists and screamed in cadence: "Mik-o-yan the murderer!"

Reds Ignore Pickets  
Mikoyan and his party, arriving for the dinner in a Soviet Embassy Cadillac, paid no attention to the pickets.

Mikoyan conferred for 95 minutes with Secretary of State Dulles at the State Department Monday, primarily about Berlin. Afterward, he said he will talk about Berlin and other tension topics with President Eisenhower on Jan. 19 or 20.

He is due back in Washington Jan. 19 after visiting several American cities. It was learned he will fly at 8 a.m. EST Wednesday to Cleveland to confer with industrialist Cyrus Eaton. The American millionaire recently conferred in Moscow with Khrushchev and Mikoyan.

After Cleveland, Mikoyan goes Thursday to Detroit and Friday to Chicago.

Urrutia Gets Control, Ends Martial Law

Free Elections In Two Years Pledged By Cuba President

By LARRY ALLEN

HAVANA (AP) — Provisional President Manuel Urrutia put his government into high gear today after taking control of the Presidential Palace and canceling martial law in Havana.

Acting speedily after his arrival in the capital Monday night, Urrutia:

(1) Named Jose Miro Cardona, president of the Havana Bar Assn., to be premier of his government;

(2) Announced free elections would be held within 18 months to two years;

(3) Summoned his new cabinet into a post-midnight meeting;

(4) Rescinded the martial law proclamation and curfew extension decreed earlier by the provisional government's military chief for Havana province.

Urrutia flew to Havana from Camaguey following a talk with Fidel Castro, leader of the uprising that ousted Dictator Fulgencio Batista.

Castro continued his victory procession toward Havana with 3,000 of his guerrilla warriors and new supporters from Batista's military forces. He is expected in Havana Wednesday.

Urrutia said the rebel chief prefers to remain outside the cabinet in order that he may observe developments.

The President named additional cabinet officers, bringing it to 11 members, but still had to appoint ministers of defense, communications and interior.

Urrutia also announced his government would not allow gambling, which under Batista had grown to a multimillion dollar business carried on largely by American interests.

Some elements of confusion remained in the government setup that probably will be clarified when Castro arrives. The only framework of government in the first few days after Batista's fall was provided by radio announcements from the rebel leader in Santiago, at the other end of Cuba.

Havana generally was returning to normal. Businesses were open again and services were restored after the general strike Castro called to consolidate support for Urrutia.

Swift military trials were promised for more than 1,100 persons jailed since the rebels took power.

Nugent Gets Mont's Post  
TALLAHASSEE, Fla. (AP) — Tom Nugent asked Florida State University today for release from his contract as head football coach and athletic director to accept a post as head football coach at the University of Maryland.

FSU President Robert Strozier said Nugent had made the request contingent upon being approved by the Board of Regents at the University of Maryland this afternoon.

Strozier said he had agreed to release Nugent from his current three-year contract which has one more year to run.

Nugent would replace Tommy Mont who resigned last month.

Halleck Seeks Post

Battle Over Martin Splits House GOP

By WILLIAM ARBOGAST

WASHINGTON (AP) — An open battle to oust Rep. Joseph W. Martin Jr. of Massachusetts from the House GOP leadership split the party's 153 representatives today.

Rep. Charles A. Halleck (R-Ind.) formally announced Monday night he would oppose Martin for the post at today's party caucus. His action climaxed a behind-the-scenes drive by some members for a younger and more aggressive leadership to combat the overwhelming Democratic majority in the House.

Martin is 74, Halleck 58. Both made advance claims to victory. Democrats, also caucusing today, faced no open battles. They were expected without incident to pick Rep. Sam Rayburn (D-Tex.), 77 today, for another term as speaker of the House and to return Rep. John W. McCormack (D-Mass.), 87, to the Democratic leadership post.

"We have nothing to worry about in our caucus," Rayburn told newsmen.

"Martin has held his party's top House post for 20 years. During 16 of those years he has been minority leader. In the four years of the 80th and 83rd Congresses, controlled by Republicans, he moved up to the speakership and Halleck moved in as party leader.

Halleck took note of his previous service and added, in his statement, that "in view of developments, I will again be a candidate for Republican floor leader."

He did not explain his use of the word developments.

Available as possible compromise candidates were Reps. Richard M. Simpson of Pennsylvania, Gerald Ford of Michigan, John Byrnes of Wisconsin, and Leslie Arends of Illinois.

The Martin-must-go movement stemmed from heavy Republican congressional losses in the 1958 elections, which trimmed GOP house holdings from 200 to 153.

Many Republicans contend that a more aggressive leadership is needed if the party is to fight (Continued on Page 2; Col. 7)

Two Brothers Die In Hospital Within An Hour

Herman H. Perlmann, 58-year-old Chester furniture dealer who lived in suburban Overbrook Hills, died first. He had been a patient since Sunday.

Morris C. Perlmann, 54, an attorney, suffered a heart attack while visiting his brother. He was being treated when Herman died.

Four Daring Balloonists Rest After Rescue By Fishing Boat  
BRIDGETOWN, Barbados (AP) — Four daring British balloonists slept in soft beds this morning, resting up from the rigors of a 24-day Atlantic crossing that started in the air and ended on the water.

A fishing boat spotted the crew of the balloon Small World — three men and a woman — as they sailed slowly along Monday in their gondola-boat four hours off Barbados. The fishing boat towed them in to a boisterous welcome.

The intrepid quartet floated off from the Canary Islands Dec. 12 in an open, 7½ by 15½ foot plastic boat suspended from a 47-foot balloon. This British West Indian is had sold their story to the London cook.

Thieves Show Taste Variety

LITTLE FALLS, N. J. (AP) — Thieves here displayed a variety of tastes in 1958.

One stole a piccolo, while another took an auto spring. Other loot included a grave cover wreath, two sea shells and a garbage can.

The thefts were listed in the annual police report.

Baby Kidnap Hunt Widens In N. Y. Area

NEW YORK (AP) — A wide-spread search for a kidnapped infant has shifted to Coney Island after a note with a foreboding message was found pinned to a diaper in a subway station there.

The unsigned note, found Monday in the women's room of the station, read:

"Please return to St. Peter's Hospital. Didn't want to hurt anyone. Everything is so hard. Tired. Sick. The ocean is so inviting. Maybe now I will find peace. I tried to keep her warm. Dear God forgive me."

St. Peter's is the hospital miles away in downtown Brooklyn where the baby daughter of Mr. and Mrs. Frank Chionchio was kidnapped Friday night, only 2½ hours after birth.

Police were aware the note might be the work of a crank, but hoped it might provide some lead to the baby's whereabouts.

Except for the note, the search remained fruitless.

It was difficult to determine if the note-bearing diaper had clothed the Chionchio child.

When some of the baby's garments were found in a vacant store in Brooklyn Saturday, a diaper was not among them.

# Goldwater Quits Group Backing Senator Kuchel

WASHINGTON (AP)—Sen. Barry Goldwater (R-Ariz.) withdrew his support for Sen. Thomas Kuchel (R-Calif.) as GOP whip today amid signs that Senate Republican conservatives may strike back at rebelling liberals.

The liberal group has nominated Sen. John Sherman Cooper of Kentucky to oppose Sen. Everett Dirksen of Illinois for GOP floor leader, and Kuchel to succeed Dirksen as party whip, or assistant leader.

But the insurgents, captained by Sen. George D. Aiken of Vermont, appeared likely to let go unchallenged the re-election of three veteran Republicans to leadership posts.

The question was before a closed meeting of the liberal group today, but both Aiken and Sen. Kenneth B. Keating of New York said they favored naming no candidates for other posts.

# Traffic Death Toll Hits 377

CHICAGO (AP)—The nation's traffic death toll during the long New Year weekend, a final count shows, was 377—13 less than the National Safety Council's pre-holiday estimate.

Final tabulations for the four-day period from New Year's Eve to midnight Sunday also showed 61 persons lost their lives in fires and 113 were killed in miscellaneous type accidents for an over-all total of 551. The traffic toll compared with the record 409 set in the four-day New Year holiday period of 1956-57.

Chicago, with stops later at San Francisco, Los Angeles, New York, Boston and Philadelphia. An expected Dallas visit was tentatively ruled out.

Mikoyan and Dulles used almost identical language in describing their 95-minute noontime talk. Each said they discussed Berlin, the whole German question, disarmament and trade. Informed officials said that was just about the order of importance, with Berlin and Germany hogging most of the time.

These officials also said nothing was decided in the Dulles-Mikoyan meeting. After Mikoyan's out-of-Washington visits, they are expected to come to closer grips in what Mikoyan called "a further exchange of views."

# N. Y. Columnist Begins 10-Day Contempt Term

JERSEY CITY, N. J. (UPI)—TV-radio columnist Marie Torre settled down to a 10-day prison term for contempt of court today with three good books, a sharpened pencil and intentions of getting at least one good story out of her confinement.

The New York Herald Tribune columnist was committed to the Hudson County Women's Prison Monday for refusing to tell a federal court the source of a disputed news item about singer Judy Garland. She told newsmen her imprisonment would be a "badge of honor" in the battle for freedom of the press.

The 34-year-old mother of two infants was booked, fingerprinted and clad in a blue - and - white striped dress. She was assigned to a three-bed room with a view on the seventh floor that is used normally for court witnesses or civil prisoners. She is the only occupant.

Warden Henry B. McFarland said she will not come in contact with anyone charged with a crime. She will have nothing to do but read and take notes, according to prison officials. Guest columnists will write her daily column until her release Wednesday, Jan. 14.

## OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union for ever.—Morris.

## Looking To Unity

SOONER OR LATER, when the Soviet Union talks of negotiating any kind of European settlement, it gets around to proposing that NATO be abandoned as a price of general peace. This is a real tip-off. For NATO is both substance and symbol of Allied unity in the face of Russia's aggressive designs. If NATO should disappear, then the nations of Western Europe would be vulnerable to piecemeal Soviet offensives. So long as NATO continues, the Russians can't try to pick off one country at a time. Admittedly, the armed strength of the NATO nations have in the field is only about a tenth what the Russians could quickly muster on the Western front. General Norstad, NATO chief, isn't happy about this great disparity.

BUT WHAT WE have is still more than a mere token force. Its presence in the path of the Russians is a formidable obstacle. For to clear it away would require action of a sort that would bring into play our whole retaliatory nuclear might. This the Kremlin understands, which explains why they harp so steadily on the dismemberment of NATO as the cost of a "settlement." What Moscow may also grasp is that the habit of unity established through NATO's operations is a contagious thing. In the atmosphere of cooperation generated by this unique multiple alliance, the countries of free Europe have moved toward greater and greater economic unity.

THE SO-CALLED Common Market now shaping up is a perfect example, as is European Coal and Steel Community. A good many astute observers of the European scene believe that political unity will be an inevitable next step, though this last big stride may be fairly slow in coming. Western Europe has come a long way in the last two decades or more. In the mid-1930's it was so hesitant and disorganized it couldn't ever prevent Hitler from marching into the demilitarized German Rhineland. Today it presents a firm line against any who dare aggression. And free Europeans seem to appreciate that their future depends not only upon holding that line but upon integrating the whole fabric of life behind it.

## Words Of Wisdom

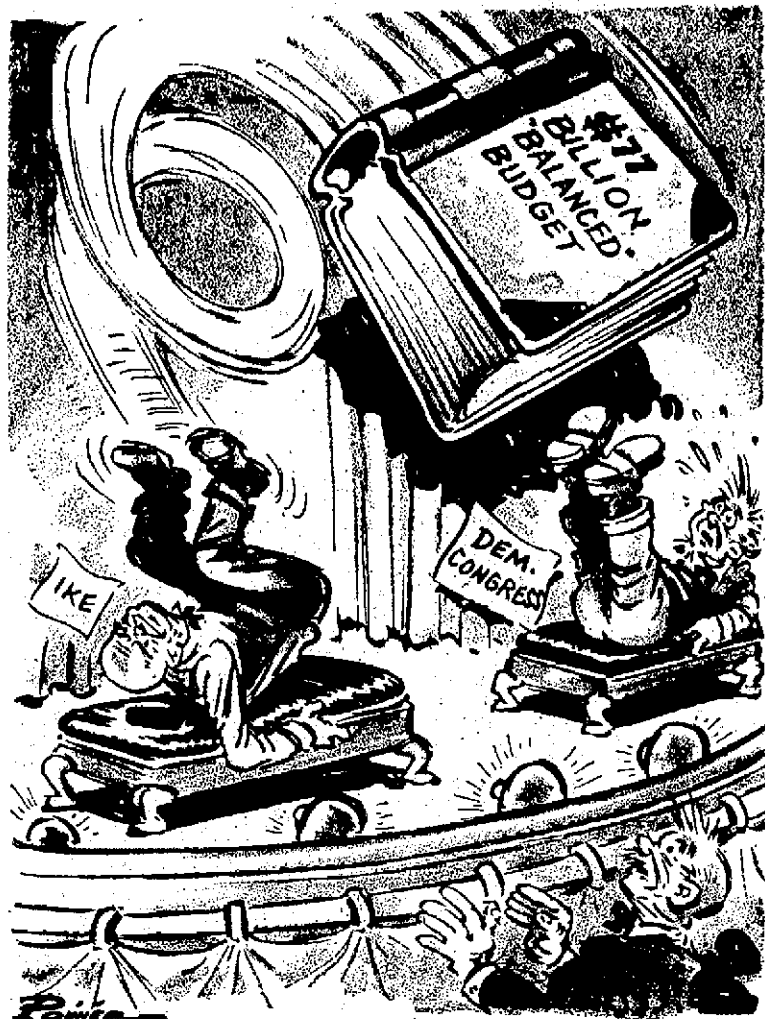

TV COMEDIAN Jackie Gleason, putting the epitaph to his own show, spoke some words that have much broader application than just in his balliwick. Said he: "Any time quality has a deadline it's got to deteriorate. You can strive for quality week after week but you won't often get it because it can't be manufactured within a specified time. 'Quality is a luxury that requires care and unlimited time.' In this age of hurry, of schedules that must be met no matter what, it is not only in TV comic shows that quality is hard to come by. Many an enterpriser in American life today seems to be conscious of the old motto of the Hollywood B-picture producers: 'We don't want it good. We want it Friday.'"

## Debt-Free State

THE STATE OF Alaska has big financial hurdles ahead as it takes over many responsibilities from the United States government (also acquiring some new sources of revenue from the government), sets up its new budget and overhauls its tax structure. But Alaska has one advantage of which it is particularly proud: It has no debt. The Fairbanks News-Miner has pointed out that no state and no other territory was without debt at the end of the 1957 fiscal year, and that the average per capita debt of all states was \$82.55. Alaskans have been paying a territorial income tax and various small taxes and license fees, but no property tax and no sales tax. The state expects to increase its income considerably as it begins to collect oil and gas lease fees and stumpage fees paid by pulp mills. New taxes may be levied. The enviable no-debt status may not last, as new duties are assumed by the brand new state government. It is encouraging to the Alaskans, though, to be able to start with a clean ledger.

IT IS POPULAR to note that man, for all his troubles, has come a long way. But he also has developed the means of going back a long way in an awful hurry.

## New Fight Looms Over Filibuster Rule

WASHINGTON — The new Senate explodes Wednesday in a fight over changing its rules. It may last weeks and much of it will sound dull. But it's far-reaching. This is an ABC on it.

A bloc of northern Democrats and Republicans wants to change Senate Rule No. 22, which makes it so hard to smash a filibuster that none has been broken in 31 years.

The Senate prides itself on its rule of practically unlimited debate. But debate can have two purposes: To discuss an issue fully before a vote on it or to prevent a vote altogether. The latter is the filibuster.

THE SENATORS will do most of their business—passing bills—by just a simple majority of those present on the floor at voting time. A full majority, harder to get, would be 50 of the ninety-eight.

But under Rule No. 22, shutting off a filibuster against a measure—to let the Senate by a simple majority vote decide its fate—requires a two-thirds vote of all the senators, or 66 of the ninety-eight.

Getting such a two-thirds vote is almost impossible, except in some national emergency. The reason: So many senators, not just southern Democrats, favor the principle of unlimited debate.

IT ISN'T HARD for each to foresee the use when he, too, may want to use it to prevent

passage of legislation he intensely opposes.

The filibuster has been employed against various proposals in the Senate's long history. In recent years southerners particularly have used it, and successfully, to prevent passage of civil rights bills.

The northerners, favoring new civil rights legislation, protest that Rule No. 22 permits a minority in the Senate, where southerners are in a minority, to thwart a majority.

Southerners argue that a minority under Rule No. 22 can protect itself against the unwelcome will of a Senate majority.

BUT WHY ALL the fuss about changing Rule No. 22? Since the Senate adopted this rule itself, can't it change it easily? Not easily. Here's why:

Not time limit of any kind can be put on a filibuster against a proposal to change the rule.

This raises such an obstacle to changing rules once the Senate is in business that the northerners have settled on another plan. It failed in 1953 and again in 1957 and may not work this time.

SENATORS are elected for six years. Although every two years the seats of one-third of them are at stake in the elections, the other two-thirds are still in the Senate serving out their unexpired terms.

Because of this, opponents of any change in Rule No. 22 argue that even when there is a new

session of Congress, as there is this year, it does not mean a new Senate. They say:

The Senate is never a new but a continuing body. So in each new session of Congress the Senate continues to have the same rules under which it did business in the preceding Congress.

NORTHERNERS will argue Wednesday, as before, that each new session of Congress means a brand new Senate and as such the new Senate does not have to inherit rules but should adopt its own.

So they will ask Wednesday, before the Senate is fully in business, that it adopt new rules. If they can win that point, they will ask that Rule No. 22 be changed before it's adopted. They reason:

If the Senate agrees that the old rules don't apply until they are freshly adopted, then Rule No. 22, with its protection for a filibuster against a rule change, doesn't apply, doesn't exist, and can't work.

IN SHORT, the northerners argue: Until new rules are adopted, the Senate will not be operating under Rule No. 22 or any other previous rule but only under parliamentary law.

This will lead to argument on whether parliamentary law, where rules are concerned, requires a simple majority or two-thirds vote. And no doubt there'll be a filibuster of some kind.

All this should cause a parliamentary snafu on a grand scale. (Associated Press)

## Prophecies On Congress Now Difficult

WASHINGTON (NEA) — Trying to forecast what will happen in the 86th Congress is even more futile than most exercises in political prophecy.

It always takes a new Congress about three months to get its head out of the clouds and its feet on the ground.

The President's messages on the state of the union, budget and economic report take the first few weeks.

Both Senate and House have to reorganize, their standing committees. The committees then have to organize subcommittees before hearings can begin on new programs.

January, February and March have big hunk taken out of them for birthday oratory. Lincoln for the Republicans, Roosevelt, Jefferson and Jackson for Democrats.

First thing you know it's Easter and there's another recess, spring vacation for tired lawmakers.

IT'S ONLY after that they begin to settle down to business and the hard work of getting things done.

All the sound and fury heard in Washington during the holidays and before the new session convenes is just that. It has no substance and very little significance.

The situation is complicated a little by the fact that there are no outstanding presidential possibilities. Not even Vice President Richard M. Nixon can consider himself a shoo-in at this stage. So winter book on the 1960 race is being made a year and a half ahead — unusually early.

Nearly every governor, every senator and many a representative considers himself presidential timber. There they stand, proud and erect, waiting for political lightning to strike them. What they have to say as the winds of chance whistle through

their thinning hair must be discounted accordingly, on any and all issues.

THE LIST of things which the new Congress should or should not do in 1959 is longer than usual. What will be done about them is complicated by schisms between liberals and conservatives in both parties. This may complicate the solution of issues and actual legislative accomplishment to save or ruin the country.

It will take several key votes in Congress to measure how this liberal-conservative division will measure up. But this will be the thing to watch for in deciding every issue, whether it be budget balancing, deficit spending, increased postage rates and gasoline taxes, foreign aid, foreign policy, national defense, civil rights, labor law, social security, public works, farm bills education or immigration.

THE LIBERAL view is that the retirement of so many older con-

servatives, plus the election of so many new, younger and more progressive candidates in November will make everything easy sailing for them.

The conservative point of view is that there are still 20 southern Democrats in the Senate and 60 in the House. Adding their votes to the naturally more conservative Republican votes may give them enough strength to thwart extreme legislation and check a run-away Congress.

It must also be borne in mind that conservative Democrats are chairmen of most of the important committees in Congress. The power of chairmen to block legislation they don't like is still tremendous.

Couple this with the fact the President's veto power gives the conservatives an advantage. Even if considerable liberal legislation does pass Congress, the liberal Democrats and progressive Republicans may not be able to muster two-thirds majorities to upset all vetoes.

NO FUNDS AVAILABLE—The Allegany County Commissioners have received applications from several elderly residents in the county for pensions as the result of passage at the last session of the State Legislature of an old age pension act. The commissioners advised each applicant that no money is available, and that pension payments will have to await the county tax levy in April.

STAR SPANGLED BANNER—The earliest authentic manuscript of "The Star Spangled Banner," penned by Francis Scott Key in Baltimore nearly 120 years ago, is going back to that city from New York for permanent enshrinement. ## Glancing Sideways

NEW YORK — A young but bright-minded friend who has been carrying the twin load of a Ph. D. degree plus a lot of rejection slips from book and magazine publishers made a cold decision over the week of the holidays and let it be known casually that he was thinking mildly of quitting the ambition of writing fiction and would not be nauseated if an advertising agency gave him a job.

You think things are tough in the job world? It took him exactly three cocktail parties to receive two offers from ad agencies, one at \$18,000 a year as a research executive and one at \$17,500 a year as a development executive. The latter title does not mean anything to me and I do not know what it means, but he seemed to understand it. In any case, he dropped in the other night to announce his choice.

"I'M TAKING the \$17,500 job," he said. "The \$500 difference is negligible. As chief of research at \$18,000, there I'd be. Where would I go from there? As a development executive, I have room to grow, to improve. It's no dead end. But that's not what I came to see you about."

"As an advertising executive, all jokes aside, I realize I need a representative wardrobe. This, I have not. I have collegiate tweeds and flannels, both departments well worn as befits a struggling author. I don't think these are the clothes for Madison Avenue. Not even on an emergency Saturday morning. Can you guide me I don't want to be naive and ask another ad man."

IT TOOK US about two hours, but we put together a listing for him and his father has advanced the monies he will need to get this representative wardrobe together. The duty of working in an executive capacity for a large agency takes in a wardrobe of imposing size.

Hats: black Homburg, city fedora, one belted sports cap for sports car wear, a fine-weave straw for West Indies or other tropical assignments in interests of new accounts, one modified deer-stalker for country wear on important week-ends with a client as goal. British makes are desirable.

Suits: an almost black serge, several British soft-weave, narrow lapel business suits in gray, dark brown, dark blue, one in

fine checks. Silk dinner clothes of Italian silk, silk summer suits, preferably four, cruise clothes, slacks for airplane wear and weekend wear. Four assorted sports coats in wool, three in Madras checks for summer. Whenever possible, materials should be of British or Italian origin, although Shantung derivatives are permissible.

NECKWEAR: dark, narrow, modest designs, some solid colors like black or dark red.

Shoes: plain black calf, laced; black loafers, severely designed, with Italian influence, same in dark; dark brown. One finely designed pair of British brogues in dark pigskin, one pair in superbly polished cordovan. Black calf evening shoes, not patent. These as thin and insubstantial as slippers. Boating sneakers, golfing shoes, tennis sneakers. So far as possible, all shoes should be British, unless in dinner shoes and loafers they are of Roman origin. The better British names should be on the shoes.

Hosiery: plain, of nylon wool, thin not bulky. Various shades of tan, some deep blue, some black. No ornamental socks with figures or clocks. There is a French list that is permissible.

SHIRTS: British stripes with sharply cutaway collar at \$8, made to order; plain white, button-down collar, the latter with short, short points. A few in faintly striped materials made for collar insertion of a gold tab-pin. Evening shirts in narrow stripes on the bosom, from Lardos, in Madrid. No lace bosoms, positively, no buttoned cuffs for evening. The evening shirts should be of the finest, thinnest material. Sports shirts from Vera Cruz, Mexico, called a guayabera.

Overcoat: One British raincoat, plain and almost white; one guards coat, one tweed car coat, one Burberry for the coldest days, one wool topcoat with modestly plaid zip-in lining.

Accessories: gold Dunhill lighter, gold key ring, gold pen and pencil, gold links, small gold pen-knife. No gold teeth.

Desk gear: a comprehensive collection of cigarettes, in original packages, making it possible for you to meet any client, no matter what cigarette he represents. (McNaught Syndicate, Inc.)

## Washington Calling

WASHINGTON—Former President Harry Truman has told a half dozen of his closest confidantes in New York and Washington that he intends early in the new year to come out for Senator Stuart Symington of Missouri as his choice for the Democratic nomination for President in 1960.

In private talks with associates out of his Administration, Truman has expressed the conviction that by coming out early for his fellow Missourian he can determine the course of the convention and perhaps head off a bitter contest for the No. 1 place. In 1956 the former President waited until the Democrats met in Chicago to declare for the then Governor of New York, Averell Harriman.

AT A MASS press conference in the Blackstone Hotel, in support of his own candidate, Truman said that Adlai Stevenson could not win. He outraged Stevenson's ardent followers, and the convention, ignoring his counsel, chose the former Illinois Governor as the Presidential nominee for a second time.

Among Truman's associates are those who doubt the wisdom of his current decision. They believe it would be wiser for him to continue the line he takes publicly—the Democratic party has many good candidates and when the convention meets we'll choose one of them. Certain of Symington's backers are known to feel that a Truman declaration might even harm the prospects for the Missouri Senator, who has repeatedly insisted that he is not a candidate for the Presidency.

But Truman, who has never lacked confidence in his own political wisdom, particularly following his extraordinary victory against all odds in his re-election in 1948, seems to feel sure that he can carry the day. He may, of course, be dissuaded, but he has always followed his own convictions with bold forthrightness.

COALESCING the old pros in the party around Symington as a compromise candidate is seen in the report that Jacob Arvey, Democratic national committeeman for Illinois, is ready to start working for the Missourian. Arvey helped to initiate the boom for Stevenson that resulted in his first nomination for President in 1952.

As these experienced Democrats see it, the party dilemma looking to '60 is as follows:

Senator John F. Kennedy will come into the convention with the largest bloc of delegates. He will be opposed by a combination of the Northern liberals, with Senator Hubert Humphrey of Minnesota as their torch bearer if not their avowed choice.

The bloody battle that could ensue could destroy what seems today the party's excellent chance to capture the Presidency.

That, at any rate, is the fear of the experienced politicians out of the Truman Administration. It explains what appears to be a growing determination to make Symington the natural and inevitable choice and thereby avoid a bruising showdown.

SYMINGTON'S voting record is, by the progressive yardstick laid down by Americans for Democratic Action, almost perfect. But he does not frighten the conservatives, who feel that basically he is one of them.

The Missouri Senator, overwhelmingly re-elected to a second term last November, has kept friends in every camp. He served as the first Secretary of the Air Force under Truman, and his backers believe that his continuing concern over strengthening America's defenses has helped to keep him in the forefront as a national figure.

TRUMAN'S role in the party, as the Democrats face a difficult decision in '60, is interesting. Some critics are beginning to say that his forthright and often violent statements that capture the headlines tend to stamp the image of the troublous past on the party and identify it with the Truman era.

But the Democratic National Committee is about to ask Truman's permission to make his 75th birthday on May 8 the occasion for a great national rally, with a closed-circuit television show equivalent of "This Is Your Life" celebrating the nation's most famous Democrat.

Whether he launches months in advance of the convention a drive to determine the nominee or whether he holds his fire, Harry S. Truman is bound to have a lot to say about the politics of the coming Presidential year. (United Feature Syndicate, Inc.)

## Reporter's Notebook

NEW YORK—America's leading manufacturing industry at this time of year is the making—and breaking—of resolutions.

Children, just before Christmas, are as good as they can be. But most adults wait until New Year's to start their reform waves.

As soon as Santa Claus disappears over the horizon, children start acting worse, and their parents start acting better.

At least their male parents do. For that is an odd thing about the making of new year resolutions—it is pretty much of a masculine delusion. The thought that her conduct might need a yearly overhaul is unthinkable to the average strong-minded woman.

BUT THIS IS a rough time for a wife just the same. It is hard for the lady of the house to adjust to the master of the house when he ceases to regard himself as one of nature's noblemen and decides he is, in fact, pretty much of a bum.

"Yep, that's all I am, just a bum," he tells himself in self-pity. "And not even a good bum. I'm a bum bum. I don't see how you've put up with me all these years."

Listening to this is pretty painful to a wife. But even more painful is having to put up with her abject hero during the halcyon period that follows.

He is going to give up smoking and drinking and poker playing. He is going to quit borrowing money and start living within his means. He is going to concentrate on his own work and quit telling the boss how to run the office. He is going to be kinder to the children and help his wife more with her household chores.

Yes, he is going to improve himself in a hundred ways. And for a while he does.

His strange, martyr-like behavior is unnerving to all around him—friends, enemies, wife and children. Even the family dog wonders what came over him.

MOTHER is kind of worried, too. In the week since father insisted on lending her a hand in the kitchen he has burned himself twice, broken four plates and a cup, and thrown out three pieces of silverware in the garbage.

But by the end of the second week at most father himself tires of a self-imposed code that would bore an angel in heaven. As his rise to virtue was dramatic, so is his fall.

There comes a morning when he refuses to leap out of bed and do deep knee bends. He has two pieces of toast again, his old quota, instead of one.

That night when he returns from work he mixes himself a martini, lights up a cigar, kicks the dog off the sofa, and lets down himself.

He tells Junior to do his own homework and quit looking to him for help. He informs his wife: "Don't ask me to take you any place tomorrow night because I ain't. I'm playing poker."

The tension that has gripped the house for two weeks immediately disappears. Mother and Junior look at each other and smile. Even the dog grins. (Associated Press)

## Washington Scene

WASHINGTON—Extra Sensory Perception has developed such cultish proportions that "believers" no longer spell it out, but refer to it familiarly as ESP. Many leading scientists also refer to it familiarly as ESP—but, with them, it stands for Every Sucker's Pseudo-science.

The members of the American Association for the Advancement of Science, who just concluded their big annual meeting here, voiced approval when their vice president likened belief in Extra Sensory Perception to belief in hobgoblins.

Vice President Raymond T. Birge took out after Professors S. G. Soal, of London, and J. B. Rhine, of Duke University, who have been pushing a thing they call "Parapsychology," but which seems to be just an Ivy League word for experiments in Extra Sensory Perception. Birge declared that parapsychology wasn't strikingly new. It used to be called Witchcraft.

I WAS GLAD that our better scientific minds are inclined to downgrade the occult because there are enough strange things in the skies these days without bogymen. And while we might be in less peril from warlocks than warheads, I wouldn't feel right about spending billions on a Distant Early Warning, or DEW-line, to prevent sneak attacks by bogymen.

If an old witch—or preferably a young one—comes after me, I want the encounter to be on equal terms. I don't want her able to invoke ESP to know what I am thinking.

Prof. Birge didn't come right out and charge that practitioners of parapsychology resort to trickery because that isn't the academic way. In the cloister, the word is considered mightier than the sword, especially if the word has a nice barb. The old Prof circumlocuted that no parapsychological experiment had been performed yet "that did not at least allow the possibility of cheating."

Birge implied that if he hoped to get away with a really audacious piece of cheating, he would prefer an audience of college professors to truckdrivers. When he said this, my memory sailed back through the years. When I was a very young reporter I was told the very same thing by the late Harry Houdini.

The famous magician explained that truckdrivers would know they could be fooled, but that college professors would be sure they couldn't, and consequently would be much better set-ups for a supernatural hoax.

HOUDINI TOLD me to get one of my paper's own photographers, with his own camera, and have him go out into the street and snap any street scenes he liked. The photo did just this, returned to his own darkroom, and passed the developed pictures out—not to Houdini, who remained 30 feet away, but to the managing editor.

The M.E. almost went out of his mind; and so did I. The photographs showed ordinary street scenes, but out of passing cars, and around pedestrians, leered hundreds of elves, hobgoblins, and little devils.

We agreed it must be spirit photography, and that Conan Doyle was right.

"No," grimed Houdini. "It was a trick—and an absurdly simple one. All press photographers use the same kind of plates. I palmed a bunch that I had previously exposed in snapping cardboard devils, and while we were crowding into the elevator, I switched plates on your cameraman."

"The spirit-filled street scenes were simply double exposures." (King Feature Syndicate)

### Local Approves Contract Offer

COVINGTON, Va. (AP)—Settlement of a prolonged contract dispute with West Virginia Pulp and Paper Co. was assured Monday when Local 675, United Papermakers and Paperworkers, voted to accept the company's latest offer.

Temple L. Kesinger, local president, said only there was a majority vote in favor of accepting the company's final offer, made Nov. 15 and rejected by union negotiators at that time.

However, union officials later agreed to submit the question to the membership and the pact was approved by locals here, at Luke, Md., and Williamsburg, Pa.

No date for signing the contract has been set.

## Area Woman Crash Victim

OAKLAND—A 69-year-old local woman died Sunday afternoon in a hospital at Beaver Falls, Pa., of injuries sustained when the car in which she was a passenger crashed on the Pennsylvania Turnpike.

Mrs. Mary Smith was taken to Providence Hospital, but died several hours later of a punctured lung.

Mrs. Smith was riding in an automobile operated by Donald C. Hurt, 21, of Akron, Penn.

Sylvania State Police said the vehicle hit the medial strip and then crashed into a guard rail.

The accident occurred in Big Beaver Township, Lawrence County. The Hurt vehicle reportedly was headed toward Ohio when the mishap took place.

Mrs. Smith was born in Rowlesburg, W. Va., a daughter of the late Mr. and Mrs. Martin Wonderly. Her husband, John W. Smith, preceded her in death.

She is survived by 10 children: Alvey Smith, Arthurdale, W. Va.; Ray Smith, Butler, Pa.; Oliver and Leroy Smith and Mrs. Raymond Kettlewell, all of Baltimore; Mrs. Shirley Wright and Mrs. Alvin Strawser, both of Deer Park; Mrs. Clayton Sines and Mrs. Betty James, both of Oakland; and Mrs. Ellis Cogley, Mt. Lake Park.

Mrs. Emma Wolfe, Oakland, and Mrs. Bertha Hinebaugh, Cresskill, 29 grandchildren and 11 great grandchildren.

The body is at the Leighton Funeral Home here. Services will be conducted tomorrow at 3 p. m. by Rev. Irwin Steiding. Burial will be in Ferndale Cemetery.

## Winds Fan Fire, Leave Okonoko Family Homeless

PAW PAW—An Okonoko couple and their seven small children were left homeless and lost all possessions yesterday when their six-room frame dwelling was destroyed by a fire fanned by high winds.

Mr. and Mrs. Gilbert Youngblood and their children, ranging in age from two to 15 years, were forced into bitter cold weather after escaping from the flaming home.

They were unable to summon volunteer firemen of Paw Paw since they could get no connection on the telephone.

Mrs. Youngblood, who is expecting another child next month, was forced to walk barefoot for a mile to the home of a sister, Mrs. Forrest Moreland.

Since there was no phone at the Moreland home, the husband drove about a mile and a half for help. By this time the home was enveloped in flames.

Mr. and Mrs. Youngblood had only enough time to awaken their children and get them out of the burning building. They grabbed some blankets to put around the children who were barefoot.

A spokesman for the volunteer fire company of Paw Paw said the cause of the fire is undetermined.

He said Youngblood, an unemployed railroad worker, got out of bed and fixed the fire. While he was in the kitchen his wife, still in bed, noticed a reflection outside the house about eight feet from the flue.

She awakened the children and called to her husband. The couple was unable to save any belongings.

Members of the family are staying with relatives at the present time.

Volunteer firemen of Paw Paw, members of the Lions Club and Harley Bohrer Post, American Legion, are gathering clothing and shoes for the family. Firemen said furniture is needed.

Anyone wishing to give clothes or furniture to the family may do so by contacting volunteer firemen and other organizations of the community.

About 15 volunteer firemen responded to the fire which occurred about 6 a. m. They received a call about 7:10 a. m.

The Youngbloods have an older daughter who is married. Another sister of Mrs. Youngblood, Mrs. Nelson Hiett, lives on Creek Road off Williams Road.

## Coney 4-H Meetings Set

LONACONING—The Senior 4-H Club will meet Thursday at the home of Mrs. James Crable, Church Street, at 7:30 p. m.

Members are asked to be present as project sheets will be distributed, as well as award seals.

The Junior 4-H Club will meet today at 7 p. m. in the VFW Home. Members who have earned award seals will receive them from their leaders.

Brief Mention

Mr. and Mrs. Nelson Meese and family returned to their home in Harrisburg, Pa., after visiting relatives.

Mr. and Mrs. Lowell Sowers Sr. and Mrs. and Mrs. Lowell Sowers Jr. have returned from a trip to Florida.

Goodwill Volunteer Fire Company extinguished a fire last night at the home of Almer Stevenson, Dudley Terrace.

Roy McDonough, Alhambra, Pa., visited his mother, Mrs. Margaret McDonough.

Robert Dawson returned to Baltimore to resume studies at the University of Maryland Medical School.

Group Reviews 1958 Projects

MT. SAVAGE—The Sodality of the Blessed Virgin Mary met a recent evening in the music room of St. Patrick's Parochial School with Mrs. Dorothy Barth, presiding. Plans were made for the annual membership drive to be held next month.

Prizes for the month were awarded to Linda Roach, Edward Hiner, Mrs. Margaret Bevans and Eleanor Hopebell.

A resume of work completed during 1958 under the past president, Mrs. Rita Brailer, included a swimming project for the pupils of St. Patrick's School; a Halloween party for school children; refurnishing school desks and cleaning classrooms for the fall semester; a Christmas party for pupils and the annual picnic at Maryland; a lacrosse game for the sisters' chapel and a new electric sewing machine for the convent.

## Tax Rate Reduction Of Five Cents Voted For Cresaptown

CRESAPTOWN—The Cresaptown Civic Improvement Association last night agreed to reduce the community's tax rate five cents on each \$100 of assessable property.

The tax rate will be reduced to 40 cents, a spokesman said. The reduction is possible, the commission felt, because the present rate is bringing in more taxes than necessary to pay off the \$75,000 bond issue made in 1949 to set up the distribution of water for Cresaptown.

The association paid \$6,500 to the bond issue account in the early stages of the special taxing area and \$3,500 of this amount has been paid back, officials said.

The commission pays \$3,000 each year on the principal and interest to deplete the bond issue which now has been reduced to \$24,000 to \$51,000.

The present tax rate was set up to help defray the initial costs of the bond issue, the spokesman said, and the tax commission now feels that the lower rate will suffice to pay back the \$1,000 owed the association as well as pay on the bond issue each year.

This is the first tax reduction made by the special taxing commission since it was set up in 1949.

The commission also discussed the study which is being conducted by Robert Regester, Baltimore consulting engineer, to survey the community in order to bring the water system up to standards required by the Maryland Fire Insurance Underwriters in order to reduce fire insurance rates for Cresaptown.

The study will be completed sometime this spring, the commission noted, before work is begun to extend water mains and fix fire plugs and hose lines up to standards required by the underwriters.

Present at the meeting were Wilmer Kuepper, president of the association; Charles Wendt, vice president; Dirk Vandenberg, secretary; and Herbert Heintman, treasurer.

New Ordinance Is Authorized

FROSTBURG—The Mayor and Council last night authorized City Attorney Edward J. Ryan to draw up a new ordinance for the financing of paving local streets.

The regulation will require that each resident pay 50 percent of the cost for street work immediately in front of his property.

At present the share is 33 1/3 percent. The city will pay full cost at intersections and turn-outs. According to council, this procedure is followed in many cities of comparable size to Frostburg.

Other business included authorizing William Sluss, police commissioner, to proceed with the installation of a traffic light at Centre Street.

At present Centre Street is one-way, entering Main Street.

A payment of \$255.05 was made to the Fire Department from the corporate fund. Council adjourned after conducting one of the shortest meetings in many years.

Mt. Savage

MT. SAVAGE—A social will be held today at 7:45 p. m. in the firemen's hall for the benefit of the Mt. Savage Volunteer Fire Company.

The Ladies Auxiliary of the Mt. Savage Volunteer Fire Company will meet tomorrow at 7:30 p. m. in the firemen's hall.

The infant daughter of Mr. and Mrs. Richard Walsh was baptized Sunday in St. Patrick's Catholic Church by Rev. Michael S. Smyth, pastor. The child was given the name of Louanne. Sponsors were Mrs. Ray Sites, Baltimore, and Leo Malloy.

# West Virginia Pulp, Paper Underwood Sees W. Va. Economy Up

NEW YORK (UPI)—West Virginia Pulp and Paper Co. had record sales but sharply lower earnings for the fiscal year ended Oct. 31, its annual report showed today.

Sales rose to \$208,109,000, as against \$199,544,000 in fiscal 1957. Earnings, however, dropped to \$9,575,000, or \$1.78 a share, from \$12,694,000, or \$2.38 a share, a year earlier.

President David L. Luke said the adverse earnings report reflected the temporary weakness of the economy, increased depreciation, extra operating costs, and intensified marketing, product development and research.

## Skating Available At Cephart Playlot

Skating will continue as long as the cold weather lasts, the department said.

## Unemployed Coal Miners To Continue Heavy During Year

CHARLESTON, W. Va. (UPI)—Gov. Cecil H. Underwood looks for an upturn in West Virginia's economy this year but tempers his outlook with the observation that unemployment in the state's coal fields apparently will continue heavy.

In an exclusive interview with United Press International, Underwood said the state's major problems—unemployment, lack of adequate schools and roads—probably would not be solved this year.

As for the unemployment situation, he said the only cure is diversification of industry—and this is a gradual process.

## Things Getting Worse

Underwood, nearing the halfway point of his four-year term, said West Virginia's basic problems "seem to be getting worse" and that action to solve them "must be taken now, regardless of who is governor or who runs the Legislature."

Underwood said an improved economy would help somewhat to relieve unemployment, but in the case of the coal industry, "When miners are laid off now they have little hope of being recalled because they are being replaced by machines."

He said 1958 and 1959 "seem to point up more vividly our problems."

## Action Mandatory

"We will still have these problems until we find a way to more completely diversify our economy. Until we can provide the kind of school system, transportation system and recreational advantages which both people and industry seek before moving into new areas, this cannot be achieved."

"If we provide a little more for roads, schools and recreation, then we show an interest in the problems. It follows that industry will recognize this interest and view the state as a likely place for expansion."

## Scouting Unit Meets Thursday

Nemacolin Trail District, Boy Scouts of America, will meet Thursday at 7:30 p. m. at Central YMCA, according to John Geare, district chairman.

Final results of the President's Cup contest will be announced at the meeting and reports will be made on the goals set for 1958.

New goals for 1959 also will be set and activities for Scout Week will be listed.

Chairmen of the various committees who will make reports include Paul Cornwell, camping and activities; Dr. Thomas Bauman, training; John Means, advancement; Carl Wagner, organization and advancement; and M. G. Thompson Sr., district commissioner.

## Tree Pickup Listed

Christmas trees will be picked up tonight in the North End. Trees should be placed at the curbs along with greenery, which must be tied into bundles.

## Weather Halts Salvage Work

OCEAN CITY, Md. (AP)—High winds and cold weather have delayed salvage operations on the split-in-two tanker African Queen.

A tank barge with a capacity of 20,000 barrels of oil has arrived at the scene. Plans are to pump the tanker dry to lighten her.

A spokesman for Merritt-Chapman & Scott Corp. said salvagers have managed to get two lines aboard the stern section, mooring it fore and aft. The bow is beached about 200 yards away.

The spokesman said it is planned to pump out the tanker to save the cargo and prevent pollution of nearby bathing beaches.

The tanker broke up in rough seas a week ago.

## Extensive Use Of Glass In Cars Hikes Insurance

BALTIMORE (AP)—All that insurance companies in the National Automobile Underwriters' Association said non-members usually follow the lead of members.

The increase is \$3 a year for full insurance coverage and \$1 for \$50 deductible coverage alone.

State Insurance officials announced yesterday approval of insurance rate boosts of from \$1 to \$3 for owners of some 1959 models. They said "extensive" use of glass in the construction of the new cars made the rate increase necessary.

The rate boost was approved for Local 314, Barber Union, will install new officers at a meeting today at 7:30 p. m. at the Allegany Labor Temple.

## Tawes 'Cabinet' To Pick Leaders

ANNAPOLIS (AP)—Democratic Gov.-elect Tawes and a "kitchen cabinet" are expected to pick a Senate president and House speaker for the Maryland General Assembly today.

Tawes is meeting this afternoon with an invited group of advisers to thrash out leadership of the Legislature due to start a 90-day session tomorrow.

## County Board Orders Check On Insurance

Agents Requested To Make Suggestions Following Survey

The Independent Agents Association of Allegany and Garrett County was authorized today by the Allegany County Board of Commissioners to make a complete survey of the county's insurance program and make recommendations.

James Reinhart, J. Glenn Beal, Jr., and Robert Barnard, representatives of the association, told the commissioners that the engineering staffs of a number of national insurance firms would take part in the survey.

Will Service Program The association writes about 90 per cent of the county's insurance. The county pays about \$30,000 annually for insurance coverage such as fire, fleet insurance and liability.

After the survey is completed, the association will submit a report and will service the insurance coverage. Under this plan it would assign insurance to the agents in the county at the direction of the county board.

Reinhart told the board that a few years ago the county's insurance on cars, trucks and equipment cost about \$9,000 annually. After a survey at that time the insurance was changed to the fleet type and saved the county about \$5,000 in premiums.

May Add To Coverage Broader coverage in several items of liability and improved coverage on buildings and cars and equipment will be considered in the survey. The survey which the association will have made will be done at no cost to the county.

Coverage of county buildings amounts to \$1,767,800.

Commissioner John J. Rowan brought up the matter of coverage for boilers in the various buildings and cited the breaking of a feeder pipe to a boiler at the Court House last week. Commissioner William A. Wilson also brought up the damage caused to a private auto when a stump was blasted in road work some time ago. Commissioner John Tucker Mason said the survey would give the board a better idea of the coverage at present and the changes which may be needed.

## Hangar Rent Boost Urged For Airport

Meeting last night at the office of Mayor J. Edwin Keech, the Municipal Airport Commission recommended that the operator of the airport increase hangar rentals \$5 monthly to a total of \$20.

Hangar rent has been \$15 since the airport was opened and it was pointed out it costs more than that amount to maintain a hangar.

The commission considered proposals to operate the airport for a period beginning March 1. Warren R. Mullenax, the current operator, desires to continue, having informed the commission of his wishes a number of months ago.

Last night, for the first time, Earl Wilson of the Allegany Aircraft Corporation indicated his firm will also submit a bid to operate the port. Allegany Aircraft currently operates a maintenance shop at the port.

Rebuilding of a maintenance hangar destroyed by fire was discussed. It was decided not to accept an offer of the Celanese Corporation of America to dismantle a building at the Amcelle plant and re-erect it at the port as the work would be too costly.

## Beall Dinner Plans Progress

Plans for a testimonial dinner honoring U. S. Sen. J. Glenn Beall, of Frostburg, Friday evening at the Clary Club are nearing completion.

George R. Hughes Jr., who is aiding James S. Gelf, and Donald W. Mason in handling arrangements, said the sale of tickets is "brisk". At least 350 tickets have been sold, he added. Hughes reiterated that the affair is non-political in nature. Reservations should be made before tomorrow at 6 p. m.

Beall is the only Allegany County man to be twice elected to the United States Senate.

## Glass Plant Talks Move To Another Site

Negotiators for the Pittsburgh Plate Glass Company and the United Glass and Ceramics Workers will move to Philadelphia from Cincinnati in their efforts to end the 92-day-old strike which has shut down 11 plants in several states idling 13,000 workers.

The union and company have been holding talks in Cincinnati but are deadlocked. One stumbling block in agreement on a new contract is reportedly efforts by the company to cut down work crews and reclassify some workers.

The Philadelphia conference is being sponsored by Joseph F. Finnegan, chief of the U. S. Mediation Service, in an effort to keep the talks going.

There have been no meetings between company and union since Saturday, but union negotiators have held private conferences Sunday and Monday.

Donald J. Sherbondy, director of industrial relations for Pittsburgh Plate Glass Company, said that although significant progress was made on issues involving other plants, most of the last week was devoted to seniority problems at the Creighton, Pa., plant. He said that while substantial concessions were made by the company to meet the union's request at that plant, those concessions were not satisfactory to the union.

Sherbondy said that although negotiations had not broken off at this point when the main issue in dispute was seniority at its Creighton plant, the company was unexpectedly requested by the United States Mediation and Conciliation Service to meet in Philadelphia with members of the regional office there. Pittsburgh Plate believed that this interruption of negotiations in Cincinnati was unnecessary and untimely.

Sherbondy said that after receiving this request the company attempted to have negotiations continued in Cincinnati and have Philadelphia conciliation service representatives come there.

Although the U. S. Mediation and Conciliation Service was agreeable to this suggestion, the union would not agree, Sherbondy said.

## Man's Will Filed

The will of James Campbell, of Westernport, who died November 17, 1958 was admitted to probate today in Orphans Court.

A son, Thomas, was named executor of the estate. Beneficiaries are the children of the deceased.

Weekly adult badminton sessions, sponsored each winter by the Recreation Department, will get underway tomorrow at the Fort Hill High School boys' gymnasium.

Eugene Mason, recreation director, said the sessions to be held each Wednesday from 7 to 10 p. m. are open to any adult. All equipment is furnished and the only requirement is for participants to wear gym shoes.

Three courts are available for play and the sport has been adopted enthusiastically by a number of businessmen and women as well as housewives and college students during the past seasons.

Further information may be obtained by calling the Recreation Department at PA 2-7360. No registration is necessary, Mason said.

## Cold To Continue Tight Grip On Tri-State Area

Area residents can expect more cold weather at least until Thursday—then face the possibility of snow.

The Weather Bureau said today temperatures tonight will range from 2 above to 5 below zero. Skies will begin to cloud over tomorrow and the temperature moderate until Thursday when snow or freezing rain is expected.

It was plenty cold last night and this morning but not quite as bad as had been forecast. Low point in the area was at Big Savage, west of Frostburg, where the State Roads Commission recorded a low of 8 degrees below zero early today.

Oakland and Accident in Garrett County had 5 below readings; Frostburg had a zero during the night and 2 above at 8 a. m.; Cumberland reported an official 8 above at 8 a. m.; and Town Hill 6 above.

Coldest spot in the area continued to be Thomas, W. Va. The Western Maryland Railway reported the temperature fell to 12 degrees below zero last night at Elkins. It was 6 below zero at Deal, Pa., and zero at Connellsville, the railway said.

Winds also abated in the area easing winter's sting. At Oakland, R. E. Weber, official observer, said winds dropped from yesterday's 20 miles an hour to 8 to 10 today.

No new snow fell overnight. The State Roads Commission said chains are not necessary in Garrett County but urged motorists to exercise care in driving.

## Board Rules Sheriff To Follow Code

Operation Of Office Discussed By Commissioners

Sheriff Edward R. Muir and his five deputies met with the Allegany County Board of Commissioners today at the Court House to discuss a number of matters pertaining to the operation of the county lockup and working conditions.

The county board was told the men often have to work long hours and due to the small staff getting time off is difficult. One deputy said he put in 26 hours on two consecutive days starting New Year's Day and was unable to get away for meals downtown.

Recently the county board told the sheriff's office that no deputy, or the sheriff, could eat meals from the food prepared at the jail and paid for by the county. The deputy who worked the long schedule asked if he should not be allowed to take a meal at the jail.

## Cannot Authorize

Commissioner John J. Rowan, board president, said that the commissioners could not authorize this as it is specific in the county law that no meals can be eaten at the jail by the sheriff or his staff from food paid for by the county.

Leslie J. Clark, attorney to the board said the law was passed many years ago and in one instance a sheriff was suspended from duty for some time for violation of this law. Rowan said that the sheriff is responsible for the work schedules and other matters in administering his office. The county is only responsible for the payment of expenses, he added.

Edward Lewis, chief deputy, read a report showing the work which was done by the office since last October 3. He said the report shows an average of 34 prisoners are cared for daily. There are many telephone and office contacts and the serving of writs and legal papers takes up much time during the average week.

## Reads Regulations

Clark also read the regulations of the county Civil Service Commission pertaining to the deputies' duties and said that the county board can only work within the framework of the county code and Civil Service law.

Sheriff Muir told the board that he has instructed the staff to purchase all foodstuffs at wholesale. This followed an inquiry by Commissioner John Tucker Mason concerning food bills which were submitted by the sheriff's office. These bills showed that most foodstuffs were bought at retail level and in some cases at prices higher than usual. Mason stated last week that at least \$300 monthly could be saved in food purchases for the county jail.

As far as the working conditions are concerned, Commissioner Rowan said the sheriff and deputies could obtain changes by seeking new legislation. Until that time, Rowan said, the office would have to follow the county code.

## State Chiropractic Groups To Meet

Members of the legislative and public relations committees of the Maryland Chiropractic Association will meet at the Francis Scott Key Hotel, Frederick, Sunday, Jan. 18, it was announced today by Dr. A. D. Barad of Baltimore.

Dr. Lewis S. Tawney of Baltimore will preside at the legislative committee meeting, and Dr. Rita Brinker of Cumberland will preside at the public relations session.

Chiropractors from Hagerstown, Frederick, Baltimore, Silver Spring, Westminster, and other parts in the state will attend.

Survivors include his widow, Mrs. Lulu Marie (Nealis) Holt; two sons, Finley D. and Wilco M. Holt, both of Keyser; six daughters, Mrs. Thelma Corbin, Romney; Mrs. Blanche Copeland, Laurel, Md.; Mrs. Nelsie Jackson, and Mrs. Dorothy Linaburg, both of Keyser, and Mrs. Nelsie Patterson and Mrs. Josephine Martz, both of Cresap; three brothers, two sisters, 26 grandchildren and eight great-grandchildren.

The body will be at the Rogers Funeral Home after tomorrow from 2 to 4 p. m. and 7 to 9 p. m.

## Youths Guilty In Candy Theft

Magistrate Fred H. Anderson has found two local boys guilty of being delinquent minors in connection with the theft of candy from the Baltimore and Ohio Railroad Company.

The boys were tried after they admitted breaking into six boxes in the eastbound yards of the railroad.

City Police Officer Richard L. Maers said the boys stole the candy and hid it in a garage in the rear of Montreal Avenue.

Several days later, Officer Maers' wife noticed a group of boys from another neighborhood hanging around the garage and summoned her husband. The local officer apprehended two of the boys and turned them over to B&O authorities who preferred charges.

## City Police Sergeant Wins Back Stripes

The demotion of James W. Brown from round sergeant to patrolman in the Cumberland Police Department has been reversed by the Civil Service Commission.

The action by the commission overruled the demotion taken by Police Chief R. E. Flynn, which had been affirmed by Police Commissioner Philmore Fleming.

The commission found that Sgt. Brown's failure to make an arrest was the result of the exercise of his individual judgment and that the arrest and conviction of the suspect was based on evidence not available to Sgt. Brown on that particular shift.

Sgt. Brown was demoted late in November on charges of neglect of duty in his failure to arrest Robert E. Flynn Jr., 22, on November 6 in connection with three assault cases.

Testimony in the appeal filed by the veteran officer was taken by the commission on December 15.

The commission also reviewed applications for several city positions, including assistant city engineer, and made plans to hold tests for the positions on January 27 at 7:30 p. m. in Fort Hill High School.

## Surplus Food Plan Checked

The Allegany County Board of Commissioners today met with Grant Wiebel, supervisor of the surplus food program on what plans had been completed for the distribution this month.

Wiebel said that he hopes to get the allocation started about January 19. Commissioner John Tucker Mason inquired about the check on whether a distribution point for the eastern part of the county should be established. Wiebel said he would have the report ready for Friday's session.

It was also reported by Wiebel that 6,040 persons obtained surplus foods in the December distribution. He said that he is having trouble obtaining volunteers to help bag the rice supply for the distribution this month.

Commissioners Mason and John J. Rowan asked if it would be possible for some of the men who are receiving supplies of surplus food to help in this part of the program. Wiebel said he did not know if this would be possible.

## Scouts Seek Building Data

Leslie J. Clark, attorney to the Allegany County Board of Commissioners, today was instructed to check into the building on Central Avenue which has been used for many years as a headquarters for Boy Scout Troop 7, which is sponsored by the Cumberland Rotary Club.

Miles G. Thompson and Edward F. Mullan appeared before the board today to inquire about the building. They said they understood the structure may be moved as the result of the Cumberland Thruway project.

The county board said it did not know the status of the building and would check into it to find out what disposition was planned. The building was leased to the Rotary Club sometime during the 1940s, according to the board clerk, James G. Stevenson.

The building is located adjacent to the East Side School playground. It was turned over to the county board by the Board of Education when it was acquired when the playground was constructed.

Douglas Heads Country Club

William A. Douglas was re-elected president of the Cumberland Country Club at the annual meeting of the board of directors this week.

Other officers, also re-elected, are George L. Buchanan, vice president, and Albert Carlson, secretary-treasurer.

Members of the board, in addition to the three officers, are George F. Garlitz, William H. Geppert, Somerville Nicholson and W. D. Claus.

## Keech Plans State Group Proposals

Program To Deal With Increasing Revenue For Cities

Mayor J. Edwin Keech will join other Maryland municipal officers tomorrow at Annapolis and plans to present a number of proposals aimed at adding to city revenue without increasing taxes.

The mayor, a member of the Maryland Municipal League Legislative Council, will attend a joint meeting of the council and Legislative Committee.

He will present these matters: Amendment of the home rule law—This would allow municipalities the right to use any form of taxation or licensing that existed in any individual municipality at the time of the passage of the Home Rule Law. Such an amendment would put every municipality on the same basis. It is highly possible that many would not want to use similar devices in each municipality, but the authority would be there for any that might be inclined to do so.

Communities which have had only modest revenues other than ad valorem taxes on real and personal property are obliged, under present law, to place ever greater burdens on the property owner.

Amendment of Income Tax Act—This would give municipalities a share of the tax on business created within the municipalities where the proprietors reside outside the city limits. It would also apply to professional men having their offices outside the city. (As the law stands, a businessman in a city who resides outside the city limits files his income tax return as a resident of the county and although his principal income is realized in the city, the state returns a share of the tax to the county only.)

Share of Traffic Violations—This would apply to violations which occur within the city limits and the arrest is made by city officers.

Gasoline and Motor Vehicle—To make better allowance for city street mileage because of the more costly construction costs of city streets as against county roads. Also a special allowance for state routes which pass directly through a municipality.

Explains In Letter In a letter to Edmund C. Mester, executive secretary of the League, Mayor Keech said Cumberland's Mayor and Council is "very much concerned over the fact its property owners have the highest tax rate in the entire state of Maryland."

He said the city has purchased radar equipment for use in connection with speeding violations and this requires three officers. In cases of violations where a state charge of speeding is preferred, the violator, if found guilty, pays a fine, \$3 of which goes to the county and the remainder to the city. It is felt, Keech says, that the law should be changed so that a municipality or subdivision of the state making the arrest get the \$3 or whatever portion of the fine is paid to them.

Pointing out that present law provides that a city cannot have laws which conflict with those of the state and in view of Cumberland spending half million dollars annually for a Police Department, Keech said Cumberland does not feel it unfair to ask a law change providing that the city be paid at least half of the fine on state charges where the offense is committed within the city and arrests made by city officers.

State Police make no, or very few, arrests in the city, Keech said, adding, that frankly, it is felt police protection within the city is a city responsibility.

Wants Allowance Adjusted Referring to the \$800 a mile paid to subdivisions for maintenance of roads and streets approved by the state, Keech said counties have the option of having the state take over the maintenance in which case the \$800 is not paid. However, he said to his knowledge all counties have a Roads Department and the state does pay them the \$800 a mile. He said he further understood that each county that has such a program does not have to expend the sum of \$800 a mile for maintenance of respective roads. He said he assumed this is due to low traffic count, type of required construction and the fact no sweeping is required and snow removal is a minimum.

On the other hand, he pointed out, the city spends more than \$800 a mile for maintenance of streets due to the fact services rendered are greater than those rendered by the county.

Keech said he urged a study by the Municipal League so that the amount paid by the state for maintenance of roads be more equitably distributed between the municipalities and counties.

Keech said today he did not know if it were possible, but this is one attempt to better the city without increasing taxes. Dis-

# Valley, Mt. Savage Hope To Extend Streaks

## LaSalle's Team Only Local Five In Action

By JIM DAY  
Times Scholastic Sports Editor

The firing of Terry Brennan as Notre Dame's head football coach, in the opinion of Francis Wallace, was borne out of a business necessity.

Can LaSalle High's cagers shake their three-game tailspin? Will North Hagerstown, Valley of Lonsaconing, Mt. Savage, Franklin and Mountaineer High of Thomas be able to stretch their undefeated streaks?

COACH OF YEAR—Weeb Ewbank (right) is shown on the West Coast with his great quarterback, Johnny Unitas, as they prepare for Sunday's Pro Bowl game in Los Angeles. Ewbank has been voted "Coach of the Year" in the National Football League for directing the Baltimore Colts to the Western Division championship. The Colts wound up a great season by winning the world title.

## Terps To Talk To Terry About Coaching Vacancy

COLLEGE PARK—The name of Terry Brennan, recent Notre Dame coach, came into the University of Maryland football coaching picture yesterday.

Bill Cobey, Maryland athletic director, said last night that he "undoubtedly will talk to Brennan at the NCAA convention, in Cincinnati."

Cobey, who said he will have a "big part" in naming the successor to Tommy Mont as Maryland coach, leaves tonight for the convention.

From Cincinnati last night, Brennan told the Washington Post and Times Herald by telephone that he will consider a couple of offers at the convention and will make his mind up a few days after the meeting.

While he would not discuss which schools he will talk to, he left the impression that he might be interested in the Maryland vacancy.

Turns Down Detroit

Asked about the Detroit University job, Brennan said he definitely would not discuss that vacancy. When asked about Maryland, Brennan said he did not want to comment.

Brennan said he has made plans to come to Washington for a coaching clinic at the Sheraton-Park Hotel in March. He is scheduled to be on the staff with Jim Tatum of North Carolina, Ray Elliot of Illinois, Forest Evashevski of Iowa, Bear Bryant of Alabama, Bowden Wyatt of Tennessee, Bo Sherman of George Washington and Mont.

Must Decide Soon

Cobey said yesterday that Maryland "better clear up the situation soon."

An alumnae close to the athletic program said a coach probably will be named by Jan. 15.

Unaware that Brennan's name had entered the speculation at College Park, the alumnae wondered if Brennan had been offered the job, and if not, why not.

"He would seem to be the type of coach we want, if we are going to continue stressing the academic program. That was Brennan's trouble at Notre Dame, wasn't it? He tried too hard to satisfy stiff academic requirements."

Lloyd Sharrar, 6-foot-10 star for the West Virginia five last season, is starting for the Wichita Vickers in the National Industrial Basketball League.

## Writers Vote Weeb Ewbank Coach of Year

NEW YORK (UPI) — Wilbur (Weeb) Ewbank, who climaxed his "five-year plan" by guiding the Baltimore Colts to their first championship, today was named the National Football League's "Coach of the Year" for 1938 in the annual United Press International poll.

Ewbank won the honor the way his Colts captured the 1938 Western Division title—easily. He received 22 of the 29 votes cast by sports writers who covered the 1938 campaign in the 11 league cities.

Buddy Parker, whose Pittsburgh Steelers were unbeaten in their last seven games, was a distant second in the voting with four votes. Only two other coaches were mentioned on the ballots.

When Ewbank left Cleveland's staff to become head-coach of the Colts in 1934, he planned to produce a champion in five years. He hit it right on the button but his Colts needed the first "sudden death" overtime in NFL history to score a 23-17 victory over the Giants in the championship game Dec. 28.

The "Coach-of-the-Year" poll was conducted before the championship game was played.

## Ted Williams Hopes To Play In 100 Games

PHILADELPHIA (AP) — Attention Joe Cronin: before you take that job as president of the American League, send Ted Williams a contract. Ted says he's going to play in 1939.

Williams, generally recognized as the greatest hitter of modern baseball, listed his intention to play at least another year at an informal press conference Monday night.

"I don't know how long I'll be able to continue in baseball," commented the controversial outfielder. "Three or four years ago I'd have said I wouldn't be playing now. You just can't tell."

Williams, who at the age of 40 won the American League batting title with a .328 average, said he expects to play at least 100 games. "I'd hate to think I couldn't," he said.

The slugging outfielder of the Boston Red Sox was in the city for a sports show at which he gave a flycatching exhibition. He appeared in fine condition although he complained of being a trifle heavy.

## NC State Returns To Action Tonight

By The Associated Press  
North Carolina State, the No. 2 basketball team in the country, tonight gets its first taste of action since winning the Dixie Classic. The Wolfpack will take on Virginia at Raleigh in the only Atlantic Coast Conference game on the schedule.

## LaSalle Annexes First-Half Title

LaSalle won the first-half championship of the Bi-State Interscholastic Bowling League yesterday by defeating Fort Hill in a three-game rollover on the Capitol alleys. The two teams finished their regular schedule with 16-11 records.

Ralph Condry led LaSalle with a 193 game and 503 set. Ed Dawson paced Fort Hill with 197-486.

The match also marked the opening of the second half. LaSalle copping two of the three games. However, Allegheny took over the lead by shutting out Ridgeley. Sonny Kampen sparked the Campers with 158-426 while Bud Lantz had 144 and Darrell Meese 357 for Ridgeley.

## LaSalle's Team Only Local Five In Action

Can LaSalle High's cagers shake their three-game tailspin? Will North Hagerstown, Valley of Lonsaconing, Mt. Savage, Franklin and Mountaineer High of Thomas be able to stretch their undefeated streaks?

These questions will be answered tonight following the first heavy cage activity of the week. The Explorers, who have already taken six setbacks in eight outings, will be out to snap their losing spin by facing Bedford on the Pennsy hardwoods. Coach George Geatz's cagers have been able to get the edge on Fort Ashby and Beall of Frostburg while losses have been dishied out to the city co-ops by Valley, South Hills of Pittsburgh, Mt. Savage, Fort Hill, the Alumni and Ridgeley. Bedford is 2-1 for the campaign.

## Fort Hill, Alto Idle

Fort Hill (5-1) and Allegheny (3-2) won't have to send their quints onto the court until Friday night this week. Then, the defending-champion Sentinels oppose Valley on the Hilltopper hardwoods and the Campers are host to Mt. Savage in two of the three WMIL lid-lifters. Valley was runnerup and Alto finished third in the race in 1938. The third game pits Bruce against Beall in Frostburg.

North Hagerstown, winningest club in the tri-state district, guns for its 10th without a setback when the Hubs of coach Mel Henry tangle with Martinsburg in a CVAL fray on the Bulldogs' court. North has a 3-0 log while the Bulldogs are 1-1 for both season and league play.

## Maphis Hoops 32, Romney Rolls To Seventh Victory

The Romney High Pioneers, thanks to the hot shooting hand of big Bill Maphis, had little trouble staying in the ranks of the undefeated, defeating University High 35 to 69 yesterday at Morgantown. The win was the seventh for Clyde Green's rampaging Pioneers.

Don Moran scored 32 points and Dave Marple 22 as the Old Germans shot their way to a decisive 91-65 victory over Loyal Order of Moose in the City Basketball League last night at Fort Hill. The win was the fourth in as many starts for the Old Germans and left them in sole possession of first place.

By losing the Moose dropped into a second-place tie with Knights of Columbus, the Caseys winning the first game of the twin bill by edging the Old Exports 56 to 52.

Fritz Showers and Kenny Johnson had 21 and 18 points, respectively, for the Moose. Donnie Madden and Regis Fair sparked the Caseys to a 34-22 halftime lead. The Exports fought back to outscore the winners 30 to 22 but couldn't quite close the gap.

Madden tallied 20 points to pace the winners, same number that Bob Pence of the losers collected. The loss was the fourth in a row for the Exports.

## Silvestri Feat Recalled

John Silvestri, who was found dead yesterday in Washington, will long be remembered for the part he played in one of Cumberland's most memorable Thanksgiving Day football games.

The year was 1932 and the scene was old Community Park where LaSalle and Allegheny High were clashing in their fifth annual holiday classic. Silvestri was an end on the LaSalle team.

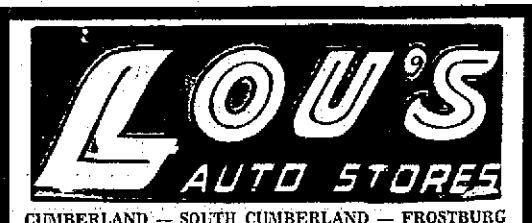

Football was begun at the parochial school in 1928 and the city series was even as a result of Allegheny winning the first two games and LaSalle the next two. Also went into the 1932 game as the favorite.

The contest went according to form for most of the first half. The Campers marched 49 yards for a touchdown. Herman Koegel capping the drive by going over on the third play of the second period.

Boots Miller attempted to add the extra point on the old "Statue of Liberty" play but was stopped short. However, LaSalle was detected offside and the Campers got another try. This time George Davis failed to make it on a plunge and the score remained 6 to 0.

The play that was to go down in history came later in the second quarter. It all started when LaSalle halfback Jack Lobel faked back to throw a short pass intended for Garlitz. But Garlitz was unable to shake loose and

## Some light on a dark subject

Ever wonder why some pills come in clear, transparent bottles, while others hide behind brown or dark-green glass? It's no accident, but by design. Why? Simple daylight can reduce the potency of some medications. Consider how sunshine fades a rayon print, for instance. Thus, where needed, we use dark bottles, not to hide anything, but to preserve the medical effectiveness of the drug your physician prescribed for you. This is but one of many precautionary measures that are taken to provide you with the best in pharmaceutical service.

## Celtics Whip Lakers 14th Straight Time

By United Press International

The Boston Celtics can thank the Minneapolis Lakers for their success over the last two seasons in the National Basketball Association.

The Celtics, who won the Eastern Division title last season and currently are running far in front of the New York Knickerbockers, Philadelphia Warriors and Syracuse Nationals, whipped the Lakers for the 14th straight time 118-106, Monday night.

Bob Cousy, who has regained his shooting eye after a slow start, led the Celtics attack with 20 points, while Bill Russell picked up 23. Eighteen points each by Tom Heinsohn and Bill Sharman and 12 by Jim Loscutt made it a total of 101 by the starting five. The other 17 points were scored by Frank Ramsey, Lou Tsiropoulos and Sam Jones.

Rookie Elgin Baylor tied Cousy for scoring honors by canning 30 for the Lakers while Larry Foust had 26.

It was the only game played Monday night.

## Pettit Holds Lead

NEW YORK (AP) — The league's most prolific scorer, Bob Pettit, and teammate Cliff Hagan are providing the St. Louis Hawks with the most potent one-two punch in the National Basketball Assn.

Pettit, the former LSU star, remained in first place in the league's individual scoring race for the fifth straight week. League statistics released today showed he has hiked his total to 941 points for a 28.5 average, a clip exceeding George Mikan's 28.4 record pace set during the 1950-51 campaign.

A couple of notches below in sixth place is Hagan, the former Kentucky ace, who has amassed 764 points for a 23.2 mark. No other team has two stars so high on the list of top point-producers.

Trailing Pettit are Paul Arizin of Philadelphia and Elgin Baylor of Minneapolis, locked in a tie for the runner-up spot with 832 points in figures counting games through Sunday.

## Tapping

(Continued from Page 3)

Loibel kept going back. It appeared that he would be thrown for a loss of 15 yards or more when Allegany's charging ends Paul Twigg and Rosie Rosenmerkle began closing in. But Loibel stepped between them and started up the right sideline.

Kogel, who had been covering Silvestri, left his post and went running in an attempt to nail Loibel for a loss. But halfback Jack stopped, and finding Silvestri wide open, fired a 30-yard pass. Silvestri gathered it in, stumbled over the pitcher's mound but regained his stride and rambled 30 yards to pay dirt on the unrehearsed play.

Virgil "Red" Burns, who had been dropkicking extra points all season long for the Explorers, took his customary position but charging Allegany linemen found the formation a fake. The snap instead went to Garlitz and Jim had little trouble ramming across for the point that gave LaSalle a 7-6 upset victory.

## Cincinnati Edges Bradley In Double Overtime, 85-84

By JOHN GRIFFIN

United Press International

A single-point margin after two overtime periods saved Cincinnati from what would have been a costly upset—but Michigan State and Purdue weren't as lucky.

Cincinnati, which tumbled from the No. 1 national ranking all the way to No. 6 after two straight tournament losses last week, found itself faced with a big challenge to its rule in the Missouri Valley Conference Monday night and just barely defeated Bradley, 85-84, to remain the title choice.

But Michigan State, ranked No. 5 nationally, took an 80-68 drubbing from Iowa that could seriously hurt the Spartans' Big Ten hopes. And 15th-ranked Purdue was beaten for the second straight game, 77-69, by Indiana.

While these three high-ranked teams were having their woes, these others turned in impressive wins Monday night.

Auburn Extends Streak

Ninth-ranked Auburn made it 20 straight wins (nine this season) by trouncing Mississippi, 60-47; third-ranked Kansas State squeezed out a 59-56 victory over Iowa State; and seventh-ranked Northwestern made shooting accuracy make up for rebounding deficiencies to beat Michigan, 83-78.

National scoring champion Oscar Robertson tallied 28 points to lead the scoring for Cincinnati as it handed Bradley its first defeat of the year after eight wins. But in the clutch plays late in the game, other players were the stars.

Mike Owens saved Bradley from defeat in regulation time with a basket 38 seconds from the end. Billy Joe McDade saved Bradley in the first overtime with five points in the last 50 seconds. But Ralph Davis' two free throws with eight seconds left in the second session won the game for Cincinnati, despite Gene Morse's field goal for Bradley with two seconds left.

Michigan State held a seven-point lead over Iowa's court early in the second half but Iowa went on a rampage to take the lead with 14 minutes left and never trailed again. Clarence Wordlaw had 23 points, 15 in the second half, to pace Iowa. State ace Johnny Green, unable to drive against a zone defense, scored only 18, mostly on long shots.

Purdue Fades

Purdue, beaten by Michigan on Saturday, had a 35-34 halftime lead over Indiana but then faded. Six-seven Frank Radovich, who hit 13 for 17, led Indiana with 27 points while Willie Merriweather had 21 for Purdue.

In other leading games Monday night: Illinois routed soph-laden Wisconsin, 77-51, as Governor Vaughn and John Wessels scored 18 each; St. Louis made it 7-2 with a 79-62 win over Pittsburgh despite little Don Hennon's 30 points; Al Tate's 22 led Wichita to an 85-78 win over North Texas St.; Ted Luckenbill's 29 led Houston to an 84-68 decision over Tulsa; Duke nipped Wake Forest, 58-57, on John Frye's basket with two seconds left; 18th-ranked Marquette ripped Loyola of Chicago, 70-59; 11th-ranked West Virginia chalked up its 11th straight Southern Conference win, 100-66, over Furman; Brown beat Harvard in overtime, 68-63; Oregon State beat Stanford, 68-56; and Washington edged UCLA, 68-63.

## Spring Training Dates Move Up This Year

WASHINGTON (AP) — Spring training will start earlier than usual for the major league teams in 1959. Because the first exhibition games are set for March 7 most teams will have all their players assembled in Florida and Arizona camps by Feb. 26.

Seems there's a rule on the books which says players must report 10 days before the first exhibition game. The regular season in both the National and American Leagues will also start earlier next season.

## Venturi Wins LA Open On Great Finish

By HAL WOOD

LOS ANGELES (UPI) — Back-to-back eagles, one of the rarest of all golfing feats, put young Ken Venturi of San Francisco off and running in the quest for money winning honors on the 1959 golfing circuit today.

Venturi, a 27-year-old picture swinger who has been on the verge of greatness for his two years as a professional, won the \$35,000 Los Angeles Open Monday with one of the great comebacks in golfing history.

Trailing by eight strokes at the start of the final round, Ken shot a 6-under par 30 on the front nine, then was 2 under par on the back nine for a 63 to catch the fading Art Wall and win by two strokes. He finished with a 278 for the 72 holes.

The victory was worth \$5300 from the Los Angeles sponsor, and Ken picked up another \$3000 from the golf ball company which he represents.

The back-to-back eagles that brought him the championship came on the eighth and ninth holes Monday. He was 1 under par coming into the seventh where he got a birdie 3. The eighth hole is 542 yards long, and Ken used a driver to get within 18 inches of the pin on his second shot. He calmly lanked the putt and he was on his way.

Ken coasted home with a 2-under par 33 to equal the course record of 63 set by Tommy Bolt in 1956.

## W. Va. Eyes Industrial Push Drive

CHARLESTON, W. Va. (UPI)— State and federal officials will meet here Thursday to see what steps can be taken to expand West Virginia's industrial capac- ity and boost its sagging econ- omy.

Among those scheduled to at- tend are Sen. Jennings Randolph, Sen-elect Robert C. Byrd, both Democrats; Victor Roterus, chief of area development of the Com- merce Department; State Tax Commissioner John A. Field; State Industrial & Publicity Di- rector Don Crisp; State Senate President; Ralph J. Bean and House Speaker Harry Paulay.

Bean and Paulay, who met Sat- urday with members of the Dem- ocratic legislative steering com- mittee hammering out a majority party program for the 54th Leg- islature convening Jan. 14, said Roterus would endeavor to explain solutions worked out by other states with similar employment problems.

The steering committee will meet again Thursday.

During its meeting Saturday, the group listed three objectives for the forthcoming Legislature: —Strengthening of the property reappraisal program passed by the 1958 Legislature.

—Stricter accounting at the state's race tracks.

—Expansion of recreational de- velopment through an increase in hunting and fishing licenses.

**Legion Meets Tonight**  
A meeting of Knobley Moun- tain Post 136, American Legion, will be held today at 8 p. m. at the post home in Ridgeley.

**Club Meets Thursday**

## Mother Held For Slaying

TOWSON, Md. (AP)—A 28-year-old mother of two children has been ordered held for grand jury action on a charge of slaying her husband.

Mrs. Margaret Lucille D'Ambrosio of Dundalk waived a preliminary hearing yesterday and was confined in the Baltimore County Jail without bail.

Her husband, 32-year-old Michael D'Ambrosio, was found dead in his burning car Thanksgiving Day on an isolated road near Dundalk.

## Lee Cobb's Video Portrayal Wins Praise

By WILLIAM EWALD  
United Press International

NEW YORK (UPI)—At the close of each episode of CBS-TV's Desilu Playhouse, encoeur Desi Arnaz, in a strange combination of Havana accent and Lawrence Welk sentiment, says something like: "Wall, thas our stor' for nigh and eet wass wonderfial..."

Wall, I doubt whether anyone takes Desi's statement very seriously since Desilu Playhouse usually isn't very wonderful or even very wonderful. However, Monday night Arnaz toned down a bit and at the end of the drama, Trial At Devil's Canyon, he confined himself to:

"We wan' con-grag-you-late Mr. Lee J. Cobb for brillian performance night."

Wall, three time I do 'gree. Desi, Lee Cobb did turn in a brilliant performance Monday night in a rather sooty little whoa-dunit (that had something to do with Apaches, stagecoaches, gunplay, stolen land and the other standard dramatic props of the Old West).

The story itself was a feeble creature and Cobb was forced to carry it on his back for almost the full 60 minutes. He carried it beautifully. He is the kind of actor who simply blows out everyone within 10 feet of him. In almost any scene, the line of the viewer's eye is drawn inevitably toward Cobb and he holds that eye with a casual force that goes beyond mere scene stealing. He is, in Desi's words or anyone else's, wonderful.

Short Shots: Tony Randall, one of our most beguiling young actors, frolicked through a fairly funny NBC-TV Goodyear Theater about a war correspondent who made up his stories. NBC-TV's Restless Gun also turned out a tongue-in-cheek piece Monday night about an artist commis- sioned to paint a nude for a West- ern bar that was an 'aneseul change of pace from the usual shoot-em-up.

Lucille Ball and Desi Arnaz were on board CBS-TV's Danny Thomas Show Monday night and the show had some isolated mo-

## Blood Bank Gets 239 Pints At Amcelle Plant

The Johnstown Bloodmobile Unit collected 239 pints at its visit to the Amcelle plant of the Celanese Corporation of America. The blood was collected yesterday within a six hour period. The number of pints received approached that of last July when 251 pints were donated by the workers.

Two men joined the three-gallon club yesterday. They are:

William H. Close, 415 Beall Street, and James H. Hoffman, of 25 Hawthorne Avenue. Ernest J. Fauss Jr. of 913 Brentwood Street became a member of the two-gallon club while four donors joined the one-gallon club. They are Paul M. Fuller, Westport; Harry H. Hinchins, RD 1, Frostburg; Robert T. Laird, LaVale, and Willis C. Scott, Vale Summit.

Some 338 persons were scheduled to give blood yesterday. There were 21 rejects and 11 replacements. A total of 83 persons gave blood for the first time.

Physicians on duty were Dr. Thomas F. Lusby, Dr. David H. Miller and Dr. Earl R. Paul.

Since there was a forecast of a blizzard in the Johnstown area Sunday night, two bloodmobile units made the trip here on Sunday evening to be on hand in plenty of time.

**Firemen Discover "Voice" Was Bird's**  
QUINCY, Mass. (AP) — Firefighters heard what they thought was a human voice on the second floor of a burning dwelling Sunday.

Several of them put on gas masks and went to the apartment of Edward Anderson, 30. They got there too late. "Twenty," Anderson's parakeet, suffocated after apparently trying to attract attention.

## Wheeling Buys Strip, Sheet Mills

WHEELING, W. Va. (UPI) — Wheeling Steel Corp. announced today it has completed negotiations for the purchase of strip and sheet mills of the Follansbee Steel Corp. The sale prices were not disclosed.

The purchase gives Wheeling Steel some 50 acres in Brooke County. The strip and sheet mills have rated annual capacities of 150,000 net tons of cold rolled strip and 100,000 net tons of cold rolled sheets.

However, under terms of the sales agreement, Follansbee will continue to produce and distribute its term roofing products. Those facilities will continue to be owned and operated by Follansbee Steel.

Wheeling Steel president William A. Steele said "as far as practicable, Wheeling Steel will offer employment to the production and maintenance people presently at work in the mills."

"We hope to make the Follansbee operations a vital part of the Wheeling Steel operations. We want to build upon a solid foundation and, as we move forward, we feel certain it will be good for the company and the community," Steele said.

## How To Make Transfer Bid

By OSWALD JACOBY  
Written for NEA Service  
In the Jacoby transfer bid the responder shows a heart suit and demands that the opener rebid in hearts. The two-heart response shows a spade suit and demands a spade rebid while the two-spade response is the transfer to clubs and the three-club response the transfer to diamonds.

Opening lead—Anything

If responder wants to play the hand in diamonds, hearts or spades he can bid three immediately in that suit. These last responses are all made with strong hands only and are game-forcing bids.

Now take a look at the North hand. Your partner opens one no-trump and you see that the hand will do better in hearts than in no-trump. If you are playing normal bidding with two hearts as a sign-off you can bid two hearts, but sometimes your partner won't respect your sign-off. Playing the transfer bid you simply bid two diamonds. Your partner bids two hearts dutifully and is annoyed when you pass but pleased when he sees the dummy.

South will make two or maybe even three hearts. West has to open something and his lead will cost him a trick. If North is declarer East will open the queen of diamonds and set the hand against any normal method of play.

## Your Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY, JANUARY 7, 1959

MARCH 21 to APRIL 20 (Aries)—This day is especially suited to home, family matters, things creative and artistic. Other matters may require extra effort if desired results are to be achieved.

APRIL 21 to MAY 21 (Taurus)—Caution stressed in most situations but, since Venus is well aspected, you have a big share of good influences, too. Familiar matters should make good headway.

MAY 22 to JUNE 21 (Gemini)—Don't put yourself out on a limb without assurance that you can get back if need be. While doing your own work, assist and encourage others. Artistic matters favored.

JUNE 22 to JULY 23 (Cancer)—You may need extra vim and vigor to get things straightened out. However, be neither uncertain nor anxious, just be natural; figure out the "whya," and you'll be on your way. Take time regularly to check just how you are doing, the kind of progress you are or are not making. This is a good day for reviewing.

AUGUST 24 to SEPTEMBER 23 (Virgo)—You seldom take the needed rest and relaxation from duties you actually require for better health, amari-er thinking. Take both now. Don't repeat previous mistakes.

SEPTEMBER 24 to OCTOBER 23 (Libra)—There are some favorable aspects on your side, but some re-strictions too. Avoid reckless spend- ing, carelessness in anything. A good day in which to try out new methods, however.

OCTOBER 24 to NOVEMBER 23 (Scorpio)—Any matters important to your work or other interests that you need to inquire about or discuss? This should be an ideal time for either hard work, sincerity, patience will pay double now.

NOVEMBER 24 to DECEMBER 23 (Sagittarius)—Go carefully in invest-ments, selling and buying real estate or other valuable assets now. It should, however, be a fruitful day in which to finish incomplete matters and to handle routine matters.

DECEMBER 24 to JANUARY 20 (Capricorn)—Your indications, possi- bilities and advantages similar to Scorpio now. Take sufficient time to examine the demands of your program, then proceed wisely, albeit quickly, to carry on.

JANUARY 21 to FEBRUARY 19 (Aquarius)—This day's results can be fruitful or just mediocre, depending up- on how you handle work, study or whatever your duties. Mind small details, necessary matters, the seem- ingly unimportant.

FEBRUARY 20 to MARCH 20 (Pisces)—A tricky day, perhaps not inter-esting and challenging. It should be responsive to your imaginative and go-getting proclivities. You have the talent and ability to acquire and achieve much.

YOU BORN TODAY are steady, staidly, usually self-possessed and re-liable. Often you are thought to be too serious and lacking in the fun and good humor we all need but, actually, you have a sense of humor. Try to utilize this trait. You are inter-esting, good company and a stalwart one in times of trouble, grief. Study, improve your knowledge and talent.

## Paper Burning Said Dangerous

Fire Chief Virgil Parker told the City Health Board yesterday that burning waste paper in fireplaces is a dangerous prac- tice.

He said many persons have been disposing of waste paper in this manner rather than use space in garbage cans.

The board pointed out that paper and pasteboard boxes will be taken by garbage collectors.

All paper and pasteboard boxes, however, must be folded flat and securely tied with stout cord into bundles which do not exceed 40 pounds.

Most of the garbage collection problems, the board said, would be solved if citizens placed gar- bage, ashes and refuse in proper garbage cans equipped with lids.

Hope was also expressed that the City of Cumberland will ar- range soon for a rat extermina- tion program at the city dump. The meeting included an in- formal discussion on parking facilities for city, county and state employees.

## Charles Heller

(Continued from Page 7)  
ued: "I am very much afraid that since the so-called scientists and other nit-wits are seeding into space all sorts of 'skyrockets' trying to reach the moon. It is interfering with my Salt-O-Ron Mance. While all these people are spending millions of dollars of taxpayers money trying to get to the moon, developing atomic, missiles, radar and other electronic devices, rainfall is getting less each year."

"I suppose if they ever reached the moon, they will immediately expect to lay off in lots."

Heller then warned that the "moon chasers" should perhaps recall what happened when the people of Biblical times tried to build a tower to Heaven—the Tower of Babel—the confusion which resulted and the beginning of the many different languages. Then he concluded: "I am of the opinion they will never reach the moon."

## Keech Plans

(Continued from Page 7)  
ussions on the proposals, have been held with the Mayor and Council, City Auditor Arthur B. Gibson and the Allegany County Delegation to the General Assembly.

The people here, by referendum, have shown they do not want an increase in taxes and the city has reached its tax limitation, Keech said. The purpose of the presentation tomorrow, the Mayor said, is to see what can be done to increase revenue without boosting taxes.
